

HOBIE MIRAGE TANDEM ISLAND

HOBIE MIRAGE TANDEM ISLAND

Hobie is thrilled to introduce this exciting new member of our fleet. The Hobie Mirage Tandem Island is the big brother of our Hobie Mirage Adventure Island and twice the fun. Plenty of room for the skipper and crew, with total control of the roller furling sail and the large Twist and Stow rudder from either high back padded seat. Inspired by Polynesian multihulls, this 18' 6" trimaran "sail-yak" includes state-of-the-art features and comfort, plus two patented MirageDrives with Turbo Fins. It's time to choose your partner and enjoy the ride.

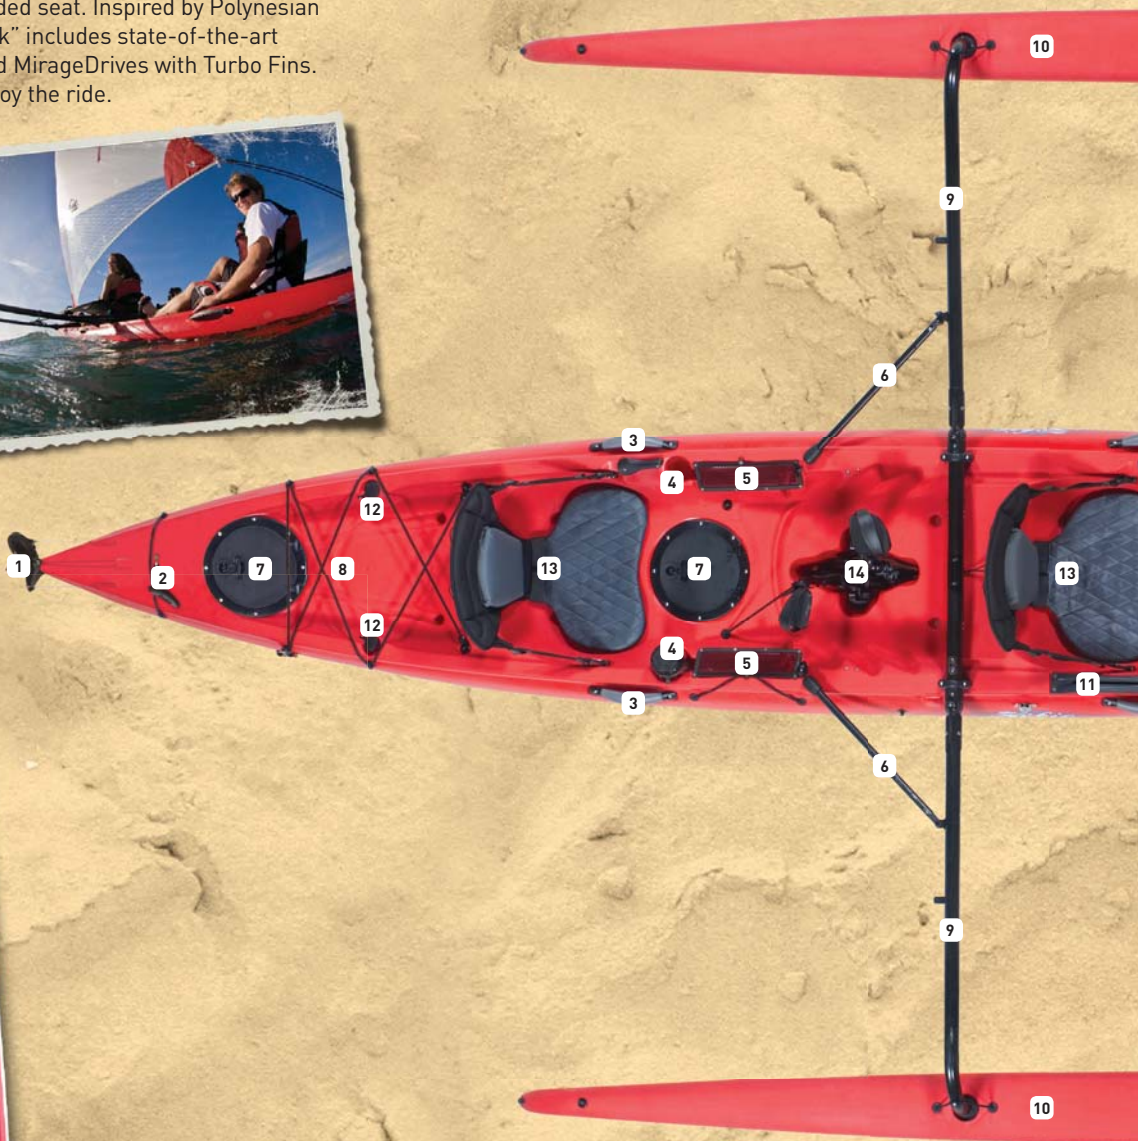

1. LARGE TWIST AND STOW RUDDER

While seated from the front and/or rear cockpit, pull the "Down" T-handle to deploy the rudder. Place your hand on the rudder control handle for finger-tip steering. Pull the "Up" T-handle to lift the rudder out of the water and store flat on the deck.

2. MOLDED CARRYING HANDLES

Designed to fit comfortably in your hand while moving your boat. Attached at bow and stern to stainless steel padeyes.

3. MID-BOAT HANDLES

Placed in the middle as a handhold, or to make it easy to move, lift or store your boat.

4. CUP HOLDER

Conveniently placed to hold your favorite beverage.

5. MESH STOWAGE POCKETS

Keep the items you need close and handy, like your sunscreen, snack or waterproof camera.

6. DIAGONAL CROSSBARS

Support the Akas and are easily unclipped by the rear sailor to fold the Amas in. Pull up to a dock and fold one Ama in to easily get out of or onto a boat.

7. 8' TWIST AND SEAL HATCH

Allows you to access additional storage below deck. Designed with a corkscrew mechanism for closure, a simple twist of the handle opens or closes the hatch. The lids also hinge open, so you never lose them.

8. CARGO AREA

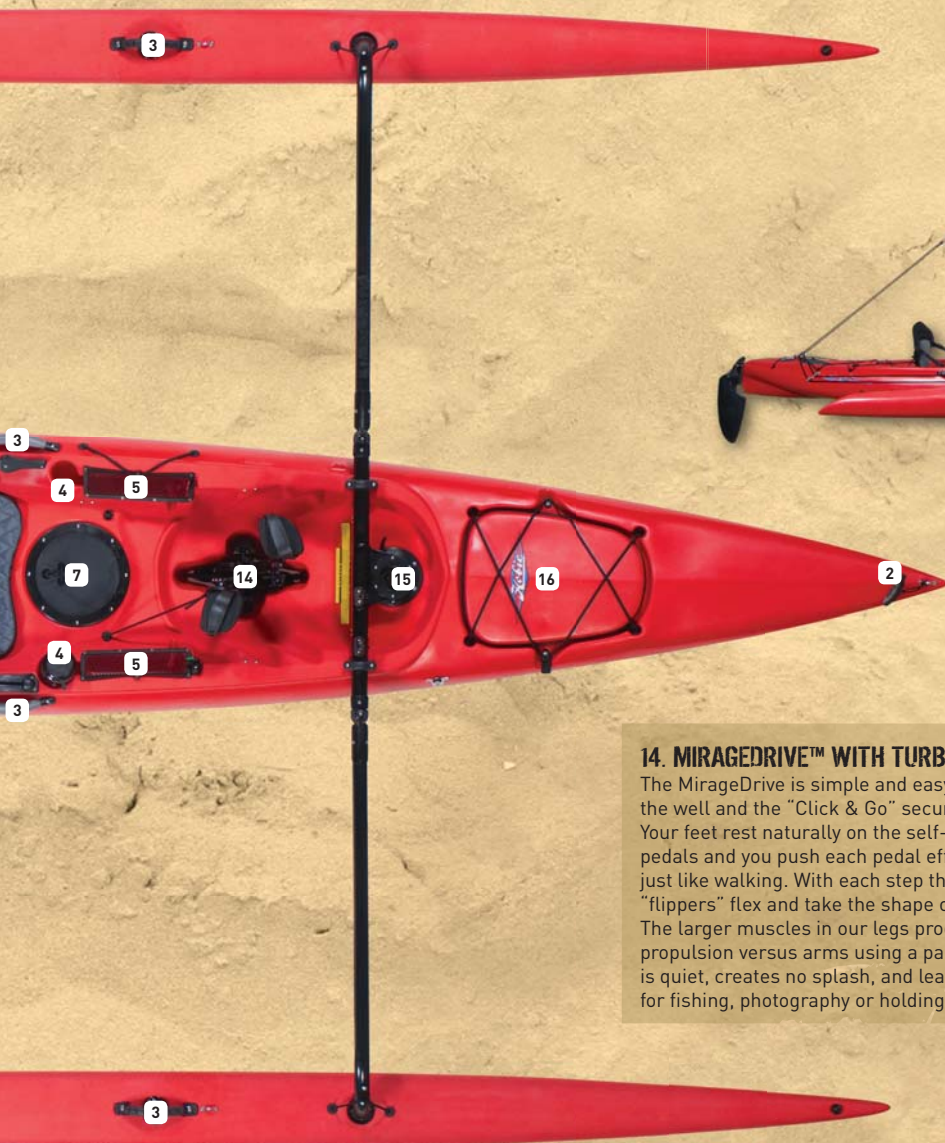

Large on-deck storage area for all the gear you want to bring. Bungee® tie-downs keep it all secure.

12. FISHING ROD HOLDERS

Molded in the hull; also useful for carrying your fishing net, gaff or flag.

13. HIGH BACK PADDED SEAT WITH INFLATABLE LUMBAR SUPPORT

Fully adjustable, thick padding and self-inflating lumbar support for added comfort.

14. MIRAGEDRIVE™ WITH TURBO FINS

The MirageDrive is simple and easy to use. It inserts into the well and the "Click & Go" secures it into position. Your feet rest naturally on the self-centering padded pedals and you push each pedal effortlessly forward, just like walking. With each step the MirageDrive "flippers" flex and take the shape of a propeller blade. The larger muscles in our legs produce more powerful propulsion versus arms using a paddle. The MirageDrive is quiet, creates no splash, and leaves your hands free for fishing, photography or holding a drink.

MirageDrive™

9. AKAS

Newly designed crossbar-Aka attachments provide durability, with quick release clips allowing easy set-up or take-down. Paddle storage clips and straps allow for easy and convenient paddle access.

10. AMAS

The new larger Amas provide stability for the boat. Easily attach to the Akas with Bungee loops.

11. CENTERBOARD

Fully retractable within the hull for reaching, beaching and transporting. Easy to move handle allows anyone to adjust the centerboard up or down.

15. SAIL MOUNT

Drop the mast in the receiver and it's clicked in and ready to go. The furling drum allows for easy reefing in high winds or for a beginner sailor. Easily pull the sail in when finished sailing.

16. LARGE BOW HATCH

Allows lots of storage below deck. Hatch is attached to a safety strap with a detachable clip. Bungee tie-down keeps gear secured on deck.

HOBIE MIRAGE TANDEM ISLAND

SPECS:

Length Overall: 18' 6" / 5.64 m
Ama Length: 13' 4" / 4.06 m
Width w/ Amas Out: 10' / 3.05 m
Width w/ Amas Folded In: 4' / 1.22 m
Width (hull only): 30" / 0.76 m
Mast Height: 18' / 5.49 m
Sail Area: 90 ft² / 8.4 m²
MirageDrive Weight x 2: 6.6 lbs / 3 kg
Rigged Weight: 190 lbs / 86.18 kg
Capacity: 600 lbs / 272 kg
